Hamilton Review Index

First edition. Google review counts for five Hamilton trades, viewed Oct 15, 2026.

What this sample is. For each trade we ran one Google Maps search on one date (Oct 15, 2026) and recorded the first 20 non-sponsored results Google showed. That is a snapshot of one search, not every business in Hamilton. Results change by device, location and day.

Method

- One manual search per trade on Oct 15, 2026; first 20 non-sponsored results recorded by hand. Only the star rating, review count and listing link were recorded. No review text, photos or map images.
- Boundary: City of Hamilton (including Stoney Creek, Dundas, Ancaster, Glanbrook, Flamborough). Listings with an address or map pin outside the city were dropped. Addressless (service-area) listings were kept unless their pin or name pointed elsewhere.
- Dropped: listings whose Google category did not match the trade, and listings with zero reviews.
- Duplicates: two listings for the same brand count as one business, using the larger listing.
- Medians and the under-10 share are calculated on the listings kept for each trade.
- Only the top 3 per trade by review count are named. Businesses below the median are never named or listed.
- Most addresses come from the map pin and were not opened one by one. Leaders were opened and checked where marked confirmed in our notes.
- Exclusions on this pull:
    - Electrical: 1 listing, category is Corporate office
    - Electrical: 1 listing, map pin outside Hamilton
    - Electrical: 1 listing, zero reviews
    - Electrical: 1 listing, zero reviews
